Dear Hiring Manager,

If your senior leadership team could benefit from a vision-driven, goal-focused field safetyman or HSE office executive with a proven history of innovation, achievement, and success, look no further than the enclosed resume.

Throughout my career, I have established a reputation as a transformational leader who is driven by challenge, undeterred by obstacles, and committed to furthering standards of excellence. My expertise encompasses all aspects of HSE, Oil Drilling, Process Improvement, Maritime, Operations Management, Inshore & Offshore Rig/Vessel Safety, Refinery & Chemical Plant Dock Operations, and Logistics Supervision / Coordination. Further, my ability to build consensus among executive teams and stakeholders to promote transparency and influence positive change has been repeatedly proven. I look forward to bringing these strengths and more to the team.

Please consider the following highlights of my achievements:

- Designed corporate SOP's and spearheaded DISA/drug/alcohol enforcement programs.
- Proven success managing 100's employees and +\$500 million in equipment and resources.
- Adept at writing and implementing company-wide safety & standard operating procedures.
- Acted as incident command manager for environmental spills, collisions, accidents and deaths.
- Oversaw regulations from the following authorities - ISO, EPA, OSHA, USCG, RRC, GLO, DOT.
- I am a Board-Certified Safety Professional, ASP & CSP, with additional HAZMAT/HAZWOPER certifications.
- I can work onshore, inshore, offshore, overseas, worldwide, in the field or in the office.

I look forward to meeting with you and learning more about your goals for your open position.

Sincerely,

Randy Scott
